TABLE OF CONTENTS—VOLUME 48

Anderson, Christiane. A new combination in *Stigmaphyllon* (Malpighiaceae), and notes on the publication dates of Hooker's *Botanical Miscellany.* 542

Ando, Toshio and Goro Hashimoto. A new Brazilian species of *Petunia* (Solanaceae) from interior Santa Catarina and Rio Grande do Sul, Brazil. 217

Areces-Mallea, Alberto E. New taxa of *Consolea* Lemaire (Cactaceae: Opuntioideae) from Cuba. 224

Aymard, Gerardo A. and Paul E. Berry. A new species of *Rourea* (Connaraceae) from the Venezuelan Guayana. 580

Balick, Michael J., see Pinheiro, Claudio Urbano P.

Barkley, Theodore M. On the contribution of Arthur Cronquist to botanical science at The New York Botanical Garden. 372

Barneby, Rupert C. Neotropical Fabales at NY: asides and oversights. 174

———. Tidings of Menispermaceae from interior French Guiana and from the Brazilian state of Bahia. 20

Bartoli, Adriana, Roberto D. Tortosa, and Eduardo Marchesi. Two new species of *Grindelia* (Astereae, Asteraceae) from Uruguay. 75

Beaman, Reed S. and Walter S. Judd. Systematics of *Tillandsia* subgenus *Pseudalcantarea* (Bromeliaceae). 1

Bellengi, Marlene, see Lentz, David L.

Berry, Paul E., see Aymard, Gerardo A.

Boom, Brian M. One hundred years of botanical research and scholarly publishing at The New York Botanical Garden. An introduction to the historical issue of *Brittonia.* 281

———. Botanical expeditions of The New York Botanical Garden. 297

Buck, William R., see also Pursell, Ronald A.

———. Bryology at The New York Botanical Garden, past and present. 399

———. A short history of the Index to American Botanical Literature. 120.

———, Scott V. Heald, Noel H. Holmgren, and Thomas A. Zanoni. Index to American Botanical Literature. 124, 270, 413, 615

Clark, Lynn G. Four new species of *Chusquea* (Poaceae: Bambusoideae) from Brazil and Ecuador. 250

Cowan, Richard S. Memories of The New York Botanical Garden, 1948–1957. 355

Delprete, Piero G. Notes on calycophyllous Rubiaceae. Part I. Morphological comparisons of the genera *Chimarrhis, Bathysa,* and *Calycophyllum,* with new combinations and a new species, *Chimarrhis gentryana.* 35

———. Studies in the pendulous-flowered species of *Rustia* (Rubiaceae, Condamineeae), including a new species, *Rustia schunkeana.* 29

Dillon, Michael O. and Abundio Sagástegui-Alva. Revision of the dioecious genus *Chersodoma* Phil. (Senecioneae, Asteraceae), including a new species and status change. 582

Dorr, Laurence J. *Ayenia saligna* (Sterculiaceae), a new species from Colombia. 213

Engel, John J., see Schuster, Rudolf M.

Faden, Robert B. New endemic species of *Aneilema* and *Commelina* (Commelinaceae) from Somalia. 544

Fraser, Susan. Collectors' field notebooks at The New York Botanical Garden Library. 308

Frazão, José Mário F., see Pinheiro, Claudio Urbano P.

Gleason, Henry A. Early years at The New York Botanical Garden. 318

Halling, Roy E. Notes on *Collybia* V. *Gymnopus* section *Levipedes* in tropical South America, with comments on *Collybia.* 487

Harris, Richard C., see Huhndorf, Sabine

Halling, Roy E. Notes on *Collybia* V. *Gymnopus* section *Levipedes* in tropical South America, with comments on *Collybia.* 487

Harris, Richard C., see Huhndorf, Sabine

Hashimoto, Goro, see Ando, Toshio
Heald, Scott V., see Buck, William R.
Holmgren, Noel H., see Buck, William R.
Holmgren, Patricia K., Jacquelyn A. Kallunki, and Barbara M. Thiers. A short description of the collections of The New York Botanical Garden Herbarium (NY). 285
Huhndorf, Sabine M. and Richard C. Harris. *Oletheriostrigula,* a new genus for *Massarina papulosa* (Fungi, Ascomycetes). 551
Irwin, Howard S. Memories of The New York Botanical Garden, 1960–1980. 365
Judd, Walter S., see Beaman, Reed S.
Kallunki, Jacquelyn A., see Holmgren, Patricia K.
Kawasaki, Maria Lúcia. A new species of *Calyptranthes* (Myrtaceae) from southeastern Brazil. 508
Kress, W. John, see Luther, Harry E.
Lammers, Thomas G. A new linear-leaved *Cyanea* (Campanulaceae: Lobelioideae) from Kaua'i, and the "rediscovery" of *Cyanea linearifolia.* 237
Lane, Meredith A. Taxonomy of *Gundlachia* (Compositae: Astereae). 532
Lentz, David L. and Marlene Bellengi. A brief history of the Graduate Studies program at The New York Botanical Garden. 404
León, B. and R. C. Moran. *Cyathea concordia* (Cyatheaceae), a new pinnate-pinnatifid tree fern from the Peruvian/Ecuadorian border. 511
Liede, Sigrid and Ulrich Meve. The circumscription of *Karimbolea* Descoings (Asclepiadaceae). 501
Lombardi, Julio Antonio. Eight new species of *Cissus* (Vitaceae) from South America. 195
Luteyn, James L. New species, new records, and neotypification of some Mesoamerican Ericaceae. 241
———. Redefinition of the neotropical genus *Anthopterus* (Ericaceae: Vaccinieae) including one new species. 605
——— and J. Francisco Morales. Four new species of *Cavendishia* (Ericaceae: Vaccinieae) from Costa Rica. 514
Luther, Harry E. and W. John Kress. Two overlooked species of *Guzmania* (Bromeliaceae) of the species-complex *Massangea* from Central America. 91
Madriñán, Santiago. New species of *Rhodostemonodaphne* (Lauraceae) from northeastern South America. 45
Maguire, Bassett, with an introduction by Celia K. Maguire. The Lost Worlds of Guayana: a search into their origins and history. 346
Maguire, Celia K., see Maguire, Bassett
Marchesi, Eduardo, see Bartoli, Adriana
Meve, Ulrich, see Liede, Sigrid.
Mickel, John T. History of fern systematics at The New York Botanical Garden. 386
Molsen, Dian V., see Stevenson, Dennis Wm.
Morales, J. Francisco, see Luteyn, James L.
Moran, R. C., see León, B.
Nee, Michael. A new species of *Acanthosyris* (Santalaceae) from Bolivia and a key to the woody South American Santalaceae. 574
Norstog, Knut J., see Stevenson, Dennis Wm.
Panero, José L. *Passiflora linda,* a new species from southern Ecuador. 192
——— and José L. Villaseñor. A new species of *Ageratina* (Asteraceae: Eupatorieae) from northwestern Oaxaca. 498
——— and ———. New taxa of Asteraceae from southern Mexico. 566
——— and ———. Novelties in Asteraceae from southern Mexico. 79
Pinheiro, Claudio Urbano B., Michael J. Balick, and José Mário F. Frazão. Branching in *Syagrus cocoides* (Arecaceae) in Maranhão, northeastern Brazil. 556

Planchuelo, Ana María. A new species of *Lupinus* (Fabaceae: Lupininae) from southeastern Brazil. 263
Prance, Ghillean T. A quarter of a century at The New York Botanical Garden. 379
Prather, L. Alan. Three new species of *Cobaea* (Polemoniaceae). 111
Pruski, John F. Compositae of the Guayana Highland—XII. *Siapaea liesneri* (Eupatorieae), a new genus and species from Amazonas, Venezuela. 188
Pursell, Ronald A. and William R. Buck. *Fissidens saülensis* (Fissidentaceae), a new species from central French Guiana. 26
Reznicek, A. A., see Rothrock, Paul E.
Rogerson, Clark T. and Gary J. Samuels. Mycology at The New York Botanical Garden, 1895–1995. 389
Rothrock, Paul E. and A. A. Reznicek. A new species of *Carex* section *Ovales* (Cyperaceae) occurring in the Ozark Mountain region. 104
Sagástegui-Alva, Abundio, see Dillon, Michael O.
Salazar, Gerardo A. and Miguel A. Soto Arenas. A new species of *Ornithocephalus* (Orchidaceae) from Oaxaca, Mexico. 209
Samuels, Gary J., see Rogerson, Clark T.
Santiago-Valentín, Eugenio, see Sastre-D. J., Inés
Sastre-D. J., Inés and Eugenio Santiago-Valentín. Botanical explorations of Puerto Rico by N. L. Britton and E. G. Britton: their significance in plant conservation, horticulture, and education. 322
Schuster, Rudolf M. and John J. Engel. Austral Hepaticae. XXI. *Paracromastigum fiordlandiae* (sp. nov.) and the delimitation of *Paracromastigum* and *Hyalolepidozia* (Lepidoziaceae). 165
Smith, Albert C. Reminiscences of The New York Botanical Garden, 1925–1940. 337
Soto Arenas, Miguel A., see Salazar, Gerardo A.
Steere, Dorothy Osborne. Remembrances from the days when William Campbell Steere was Director of The New York Botanical Garden. 362
Stevenson, Dennis Wm., Knut J. Norstog, and Dian V. Molsen. Midribs of cycad pinnae. 67
Strong, Mark T. A new unispiculate species of *Bulbostylis* (Cyperaceae) from Brazil. 96
Takhtajan, Armen L. In memory of Arthur Cronquist (1919–1992). 376
Téllez-Valdés, Oswaldo. Two new species of *Dioscorea* (Dioscoraceae) from Peru. 100
Thiers, Barbara M., see Holmgren, Patricia K.
Thomas, Wm. Wayt. Notes on capitate Venezuelan *Rhynchospora*. 481
Tortosa, Roberto D., see Bartoli, Adriana
Vanni, Ricardo. *Zornia confusa*, a new species of *Zornia* section *Anisophylla* (Leguminosae). 495
Villaseñor, José L., see Panero, José
Wiersema, John H. *Nymphaea tetragona* and *Nymphaea leibergii* (Nymphaeaceae): two species of diminutive water-lilies in North America. 520
Wurdack, John J. Memories of the 1950s at The New York Botanical Garden. 359
Zanoni, Thomas A., see Buck, William R.

[BRITTONIA for January–March 1996 (48: 1–64) was issued 21 March 1996]
[BRITTONIA for April–June 1996 (48: 165–280) was issued 12 June 1996]
[BRITTONIA for July–September 1996 (48: 281–480) was issued 16 October 1996]
[BRITTONIA for October–December 1996 (48: 481–664) was issued 23 January 1997]
